

An Immigrant's Tale

More than 12 million immigrants passed through Ellis Island between 1892 and 1954. Each immigrant came with a unique story and specific reasons for making the journey to America. Their pasts were different; but they shared a future.

Write a poem or song that accurately depicts an immigrant's journey to America.

Work with classmates to present this song or poem as a dramatic reading. Remember to focus on the public speaking and presentation skills covered during this unit.
