

COMPARISON

Directions: Compare and contrast two texts on the same topic.

The diagram shows a large rectangle with a smaller rectangle cut out of its center. The outer boundary of the large rectangle is a thick black line. The inner boundary of the cutout is also a thick black line. The top and bottom edges of the cutout are marked with dashed lines, indicating they are not part of the frame's boundary. The left and right edges of the cutout are also marked with dashed lines, indicating they are not part of the frame's boundary.
