

Importance of Asking Questions

Objectives:

- Ask questions to clarify understanding
- Analyze a piece of art
- Describe people, places, and things with detail
- Express ideas and feelings clearly

Procedure:

- Look at the painting *Children's Games* by Pieter Bruegel.
 - Ask students to look at it closely & write down any questions they have about what they see.
- Have students share their questions with the class.
- Record their questions on a chart.
- Discuss the importance of asking questions and how we begin to open our minds to think deeply about something through questioning.
- Connect the concept of questioning back to reading (Questioning is a strategy good readers use...)
