

An Educator's

Growth Mindset

My main goal is to assist students in believing that they are good and powerful learners.

I believe all students should be challenged.

I believe all students can learn and be successful.

I believe all students are smart in unique ways.

I believe students should be rewarded for taking risks.

Growth Mindset - Reflection Questions For Educators

Did I set and maintain a climate to learn from mistakes and failure?

Did I provide a way for learners to receive authentic feedback?

Were my expectations clearly presented to learners?

Did my learners and I consider and use best practices for similar work?

Did I praise effort, resourcefulness, & resilience?

Did I provide the necessary scaffolds and resources?

Did I ensure that learners were engaged in and motivated by the work?
